

Computing Professionals (CP) 2010	
at Montreal, Quebec, Canada	
Wednesday April 21	
8:00 - 8:30	Registration and Coffee
8:30 - 9:00	Welcome, Overview, and Introductions Program Chair: Paul Croll
9:00 - 10:00	Keynote 1: James Isaak, President, IEEE Computer Society "Where is the Profession of Computing Heading?" Q&A Discussion
10:00 - 10:30	BREAK
10:30 - 12:00	IT Profession 1 "Building an IT Profession for the 21st Century" Roger Hart, Greg Lane and Gina van Dalen "Crossing the Chasm Within: Marketing Best Practices to a Company's Software Organizations" Karen Mackey, Ramya Ravichandar, Bob Karski, Robert Culbertson and Mark Telford
12:00 - 1:00	LUNCH
1:00 - 2:30	Safety, Security, and Reliability 1 "Healthcare Administrative Systems: Security, Privacy, and Safety in the Age of Crisis and Reform" Howard Brill "Engineering for System Assurance – Essential Practices for Software Engineers" Paul Croll
2:30 - 3:00	BREAK
3:00 - 4:30	IT Profession 2 "How Tools Kill Productivity (and What to Do About It)" Elliot Chikofsky "Bloom's Taxonomy Levels for Software Maintenance: A professional certification direction" Alain April
4:30 - 6:00	RECEPTION

Computing Professionals (CP) 2010	
Thursday April 22	
8:30 - 9:30	Keynote 2: Ron Smith Royal Military College, Canada "Challenger Challenges"
9:30 - 10:00	BREAK
10:00 - 11:30	Development "The Development and Experimentation of an International Standard for Very Small Entities Involved in Software Development" Claude Laporte and Rory O'Connor "Fantasies and Fundamentals of Software Testing" Diane Kelly
11:30 - 12:30	LUNCH
12:30 - 2:00	Architecture "Making Architecture Compliance Practical" Elliot Chikofsky "Architecting Systems to Meet Customer Expectations - Managing Expectations, Trade Decisions, and Risk" Paul Croll
2:00 - 2:30	BREAK
2:30 - 4:00	Safety, Security, and Reliability 2 "Safety Engineering Considerations in the System Lifecycle: Standards and Hazards Analysis" John Harauz "Software and FDA Compliance: Mitigating Risk, Improving Time to Market" Paul Buckley
4:00 - 5:00	Keynote 3: Sandra Kearney President and Founder, e426.org "What does it mean to be a (pi) IT Professional?"
5:15 - 6:45	Meeting for CSDP and CSDA certificate holders and exam candidates Chair: James W Moore, IEEE Computer Society

Computing Professionals (CP) 2010			
Friday April 23			
8:30 - 12:00	Workshop: Industrial Software Evolution and Maintenance Processes Chairs: Alain April and Mira Kajko-Mattsson (WISEMP)	Workshop: Gaming Technology Standards Chairs: Cherry Tom, John Harauz, and David O. Ross	Workshop: Professional Development of IT <i>"Helping IT Practitioners & Their Employers Through Increased Professionalism"</i> Chair: Paul Joannou
12:00 - 1:00	LUNCH		
1:00 - 4:00	Workshop: Industrial Software Evolution and Maintenance Processes (continued)	Workshop: Gaming Technology Standards (continued)	Workshop: Professional Development of IT (continued)
4:00 - 4:45	Report Out from Workshops and CP 2010 closing discussion Program Chair: Paul Croll
